Signature of Applicant: _____ Date: _____

Social Security #: _____ Date of Birth: _____

Signature of Applicant: _____ Date: _____

Social Security #: _____ Date of Birth: _____

How did you hear about this program? _____

The **Loudoun County Home Improvement Program (LCHIP)** assists Loudoun County Low and Moderate Income (LMI) homeowners in making improvements to their homes. Homeowners are provided technical assistance in determining what improvements need to be made and financial assistance to pay for those improvements through forgivable and interest-free loans.

If you qualify for this program, the LCHIP Construction Technician can **assist** you to:

- Determine your eligibility for a forgivable or interest-free loan;
- Determine what work needs to be done on your home;
- Prepare work write-ups, specifications, and drawings;
- Select a licensed contractor.

The LCHIP Construction Technician will make periodic inspections on the progress of the project until work has been completed.

IMPORTANT: Before construction begins on any improvements for the home, you (the homeowner) will enter into a written agreement with the contractor(s) you select. You are responsible for enforcing the terms of the contract. Neither Loudoun County nor Loudoun County Department of Social Services bears responsibility or liability for defects on the work or the performance of the contractor(s) hired. **The LCHIP Construction Technician provides assistance in an advisory capacity only.**

QUALIFICATIONS: LCHIP applicants must:

- Be the owner(s) of the property, which must be located within Loudoun County (including the towns of Hamilton, Hillsboro, Leesburg, Lovettsville, Middleburg, Purcellville, and Round Hill).
- Have a gross household income that falls below 80% of the Loudoun County median income for household size (as defined by HUD).

Please mail Pre-Qualification and Item Checklist for Homeowners to:
